Pamela K. Schott, Principal

Reverend Mark Raphael, Ph.D., Pastor

Dear Parents,

The following form is required if you wish to grant permission for any of our certified staff to administer medication to your child during school hours. Any medications brought to school must arrive in its unopened, original container. The medicine must be clearly labeled with your child's name. Medications cannot be shared between children.

Please be aware that medications can only be given when we have written permission from a doctor explaining why the medicine will be given. (ex. teething, recent immunization shots) Fever cannot be treated if the source of the fever is not clearly identified.

The following form is not for use with occasional medications prescribed by doctors, such as antibiotics for ear infections, breathing treatments, etc. Please request a separate form for these types of medications. If you choose not to leave any medications at school, you may disregard the following form.

No teacher will administer medication to a child without calling a parent first.

All my best,
Danielle Neyrey
*Director of Early
Childhood Education*

Rebeca Hyer
*Assistant Director of Early
Childhood Education*

Medication Authorization Form
Medicine Must Be In Its ORIGINAL CONTAINER

Child's Name: _____

Medication Name: _____

Dosage Amount/Frequency: _____

How to be Given: Oral Topical Other: _____
